A Note from your Newsletter Co-Chairs:

I'm Jessica Gregris, AESC Newsletter Chair. I am excited to welcome Michelle Funkhouser as Co-Chair for the Castle Gram. You will enjoy her write-up and pictures from the February Get Together, the Around the Town activities she has discovered, and the many other contributions she made in this edition. I sincerely appreciate her stepping forward. Please check out the new observances calendar.

Please send submissions and comments to newsletter@armyengineerspouses.com.

Engineer Friends,

It is wonderful to connect with you via our March newsletter! Technology has added so many dimensions to our world. Todd and I recently gifted our children DNA testing kits so they could learn a little more about their family history and lineage. It is so interesting - and a bit surprising! - to see how different their genetic make-up is, and yet it's so similar that the testing results marked them as immediate family.

In some respects the same is true about our Engineer family; we may come from distinctly different backgrounds, we might serve the nation in a bustling city or among rural farmlands, we probably spend our free time on hobbies very personal to us, and family traditions are most likely uniquely ours alone. However, if you put a few Engineers and/or their spouses in a room together they will immediately find similarities. Do you know (name a family)....? Have you ever been assigned to (name a unit)...? When did you live in (name a post/town/state/country)....? We play an Army Engineer game of Six Degrees of Separation and it's usually mere minutes before we connect in some fashion. Because we are family and we have history - no matter our DNA! We also have lineage. Todd and I were honored to the recent annual Leaders Emeritus Reception in our DC home for current Engineer senior leadership and those who once served. You'll find some photos in the newsletter. Take a look. I'll bet you will find at least one familiar face in the crowd of great men and women who are just a small part of the extensive Army Engineer lineage.

Our AESC Board and members are also an important piece of the Engineer history puzzle. Our dedication and support of all things Engineer cannot be minimized. And we are in the midst of another busy spring....

The annual Knollwood Bake Sale is rapidly approaching. Once again, on April 4th, Priscilla Noah will lead the effort in coordinating this event where every penny raised is donated to The Army Distaff Foundation's Benevolent Fund. Please consider supporting and donating to this very worthy cause. We would love for you to join us, cook a goodie or two, or just send along your monetary donation. More information can be found in this issue.

This past month has been one of great preparation for the upcoming Army Engineer Spouses' Club year. Bette Meuleners has been collecting nominations for the 2017-18 boar year. Once again, we are asking amazingly talented volunteers to willingly step forward and be ready

**AESC Executive Board,
2017-2018:**

Elected Officers

President	Launa Brown
VP	Rosemary Davis
Secretary	Christy Cramer Preston
Treasurer	Kimberly Oborski

Hon. VP	Kim Houston
AEMA Adv.	Bobby Buxbaum
SES Sp. Adv.	Jackie Caldwell

Engineer Friends continued.

to embrace elected and appointed position responsibilities. I am constantly awed by the unwavering commitment of service among our spouses and feel blessed to work among them.

Our current team has also been busy finalizing the application rankings of the Army Engineer Memorial Awards as well as planning the luncheon honoring the awardees. The selection process for our merit-based awards is the most fair, ethical, and transparent I have seen: (1.) Weighted scoring is placed on grade point averages, national testing, leadership roles, extra-curricular activities, sports, awards, and employment. (2.) Absolutely no points are given for sponsors' rank, position, time in service, etc. (3.) Required essays are sent to three separate educators outside of the club membership for scoring. (4.) All of the applicants and their household type remain anonymous throughout the ranking process. (5.) Award amounts are graduated according to merit and change annually, based on that year's scoring. Whew!the students receiving these awards honoring their high school achievements should be very proud! This process is quite lengthy, tedious and detailed, and we commend our AEMA Chair, Kara Anderson and our Award Chair, Marguerite Theisen, for their commitment to 100% honorable excellence.

Even if there is no Irish to be found in your DNA, I hope your March is a special one. I hope the lion of winter isn't roaring outside your door. I wish you time outside to chase your little Leprechauns in fields of clover. Even better, some time to yourself counting fluffy lamb-like clouds in the sky. Where ever you are, whatever your days might hold, always remember to hug your Engineer and give him a kiss for wearing the Army green!

Warmly,

Connie
Honorary Advisor, AESC

“Keeping our worldwide Engineer family connected through the years and across the miles.”

Items of Note

Karen Perrenot - We regret to share that Karen Perrenot, an Engineer spouse, passed away on Thursday, March 1st after a courageous battle with ovarian cancer. We received the information from Vanessa Joly who shared that Karen was a great mentor to her when they were stationed at Fort Richardson, Alaska in 2001-2003. Karen was the first person to tell Vanessa about AESC and that she needed to joint back then.

Karen is survived by her husband Steve, the Director of Public Works at Joint Base Lewis-McChord; and daughters Kimberly, Stephanie and Katie.

Military Child Education Coalition (MCEC) - If you aren't familiar with MCEC then you might want to check out <http://www.militarychild.org/>. MCEC is focused on ensuring quality educational opportunities for all military children affected by mobility, family separation and transition.

Upcoming AESC Events

Tentative Upcoming Events Include:

March 19 or 20, Get ready for a short notice walk from Fort McNair to view Cherry Blossoms in the Tidal Basin followed by lunch at a location TBD. Actual date/time will depend on the weather and the blooming blossoms but keep an eye out for a note to come out from AESC Circulation.

April 27, Georgetown French Market being put together by Terri Stevens

Engineer Trivia: Previously only authorized to be worn by officers, in what year were enlisted Engineers allowed to wear the Essayon button?

Try to find the answer hidden somewhere in this edition (no cheating by searching for the answer online). Look for the answer to the question and location in the April edition of the Castle Gram.

Past AESC Events

AESC members celebrated Mardi Gras by gathering together at Fort McNair, walking to the District Pier on Wharf Street, and enjoying the fun, colorful parade. After the parade we walked back to Fort McNair to partake in delicious New Orleans fare to include two types of jambalaya, red beans and rice, and

of course, King Cake. Later in the evening we viewed a fireworks display. It was a cold evening so a few brave souls ventured back outside to watch the fireworks while most chose to gaze them from the inside warmth. Thank you to Connie Semonite for opening her lovely home to us, to everyone who provided the amazing food, and to Kimbel and Mike Burt for bringing us authentic Mardi Gras items from New Orleans. Laissez les bons temps rouler!

Past AESC Events

On Saturday, March 10th, Lisa Pulaski opened her home to AESC for a fun filled afternoon of Polish hospitality and to learn the art of Pysanky. Light refreshments were served, including Polish traditional foods like kielbasa and pierogies. You can search the web for

ideas or find out more about it...like <http://www.learnpysanky.com>. This particular Pinterst board is amazing: <https://www.pinterest.com/jim102/great-works-in-pysanky/>. Even those of us who proclaimed our lack of artistic talent right from the start were pleasantly surprised with how well our eggs turned out. It was a fantastic event!

AESC Castle Gram

Engineer Events

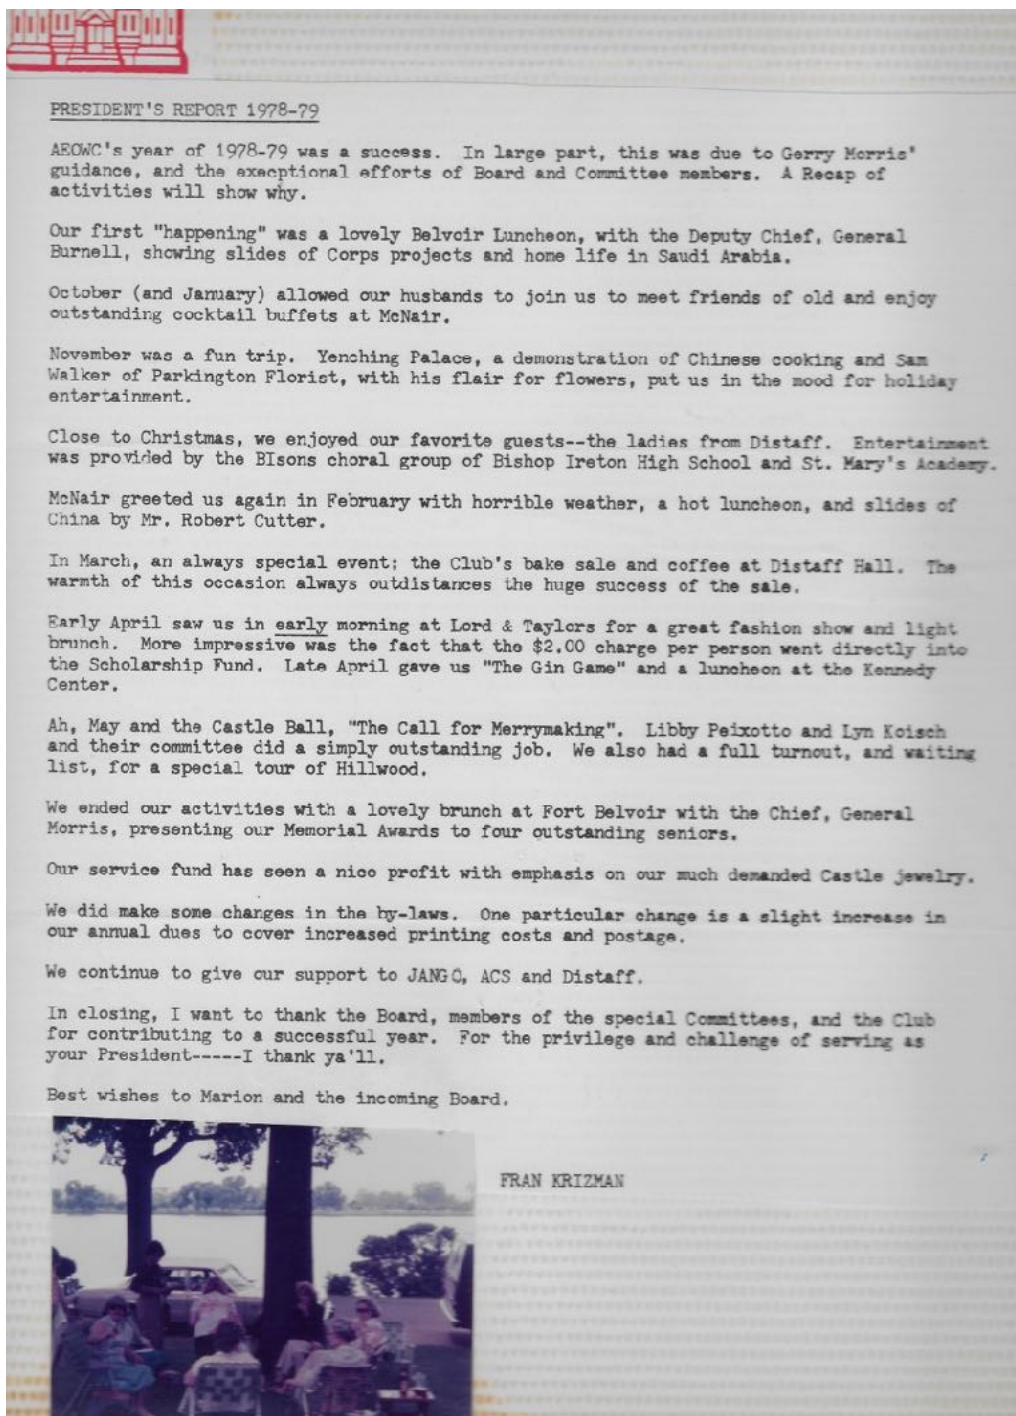

Leaders Emeritus: great men and women who are just a small part of the extensive Army Engineer lineage

AESC History

AESC President's Report 1978-79:

Every year the AESC President submits a summary report for the year. I was looking through some of the AESC scrapbooks with our Historian, Lisa Stevenson, when I ran across this report from 1978-79. I thought it would be interesting to share with you. I especially love the picture included which appears to be the spouse club members in lawn chairs on the backside of one of the quarters on Fort McNair. I hope you enjoy this little bit of AESC history.

Membership

The hard copy of the Castle Directory (Red Book) is out, but keep in mind that you can still access the digital version of the current Member Directory (includes members that joined after the hard copy of the Castle Directory was published) in the Members Only area on the AESC website.

Membership is still available, and we will ensure your information gets included in the online version in the Members Only area of the AESC website. Remember, the Club year runs from July 1, 2017 to June 30, 2018. For just \$25 Membership includes:

- One copy of the Castle Directory (The Red Book)
- E-mailed copy of the monthly newsletter, "The Castle Gram"
- Access to the Members Only page on the AESC website which includes member only specials for the Castle Boutique, archived files from past Castle Grams and meeting notes, and the current digital version of the Castle Directory (The Red Book)
- Invitations to our monthly programs, luncheons and special events
- Children of our members are invited to apply for the Army Engineer Memorial Awards

ONLINE membership application and payment can be done at <http://www.armyengineerspouses.com/online-membership-form.html>

Or

Fill out the 2017-2018 membership form included in this edition of the Castle Gram, include a check payable to AESC, and mail it in.

Need an extra copy of the Castle Directory (Red Book)? For an extra \$5 each, you can order as many as you need with your membership.

Not sure if your membership is current? Verify the status of your membership with our membership chair, Jackie Caldwell, by emailing membership@armyengineerspouses.com.

CORRECTIONS TO THE HARD COPY OF THE CASTLE DIRECTORY (RED BOOK):

The following member addresses were incorrect: Estelle Gibson and Willie Berwick. You can find the correct addresses under the AESC (member's only) section of the AESC website.

Additionally, please note that CSM Michael (Mike) Buxbaum was the 10th CSM at USACE and CSM Karl Groninger was the 11th CSM at USACE.

We apologize for any inconvenience these errors may have caused. If there are further corrections needed please let us know.

Army Engineer Memorial Awards

The application deadline has passed!

Applications are no longer accepted and only those received with a postmark of February 28, 2018, or earlier, will be considered.

Please plan to join us for a luncheon on Sunday, April 29th at 11:30 a.m. at the Fort Belvoir Officers Club to celebrate the awardees selected for 2017 - 2018.

If you didn't notice, there is a location change for the AEMA luncheon which is normally held at The Fairfax, but it will still be undergoing renovation.

The Army Engineer Spouses' Club established the Army Engineer Memorial Awards (AEMA) in 1967 as a living memorial to Engineer Officers killed in Vietnam and are given annually to honor all Engineer Officers who died in the line of duty. Through the efforts of its membership and outside contributors, AESC established a permanent fund for the perpetuation of the awards.

These are **merit awards based on the student's academic and extracurricular achievement during high school** so no consideration is given to the students planned college, university, technical, vocational school, or field of study. The awards committee doesn't even see this information when reviewing applications. There is one exception, and that is the Geraldine K. Morris Award, which is for a high school senior who intends to enroll in a program leading to a nursing degree or certification.

If you have questions, please contact
AEMA@armyengineerspouses.com.

AESC Board Meetings

The next board meeting will not include hosting on Zoom! Board meetings are always open to the general membership, and prior coordination of attendance is not required. If you are curious or think you might want to assist please come join us.

The next AESC Board Meeting will be on April 4, 10am, at Knollwood Military Retirement Community, 6200 Oregon Ave NW, Washington, DC 20015.

AESC Board Nominations

Once again it's the time for the Army Engineer Spouses' Club to start thinking about our Board for the next year—this time for 2018-2019. Our constitution states that we should have nominees for our elected positions **no later than the end of April 2018**. We will then vote in May 2018.

The elected positions on AESC's Board are President, Vice- President, Secretary, Treasurer, and AEMA (Army Engineer Memorial Awards) Chairperson. It's my "job", with the help of a Nominating Committee, to secure nominees for these elected positions and to help our President fill the appointed positions on our Board for 2018-2019.

If you are interested in being on our Board, please do let me know!!! It really is a great way to meet other Engineer spouses and participate in fun and rewarding activities. Whether you are a stay at home mom, a retired member, a member from out of the DC area, a part or full time working member, older or younger, we'd love for you to consider being on the Board. I'm actually out of the DC area for about half of our Board year and I am able to serve in my "position" as Nominations Chairperson.

Information about the positions is in the latest copy of our "Red Book". You can also reach out to any current Board member to find out more information on Board positions. Go to <http://www.armyengineerspouses.com/contact-us.html> to find current contact information.

Also, let me know if you have any suggestions of other members who might like to join us on the Board, especially those new to the club!!! Thanks!

Please contact me, Bette Meuleners, at nominations@armyengineerspouses.com if you are interested in serving. Once again, our election is in May, but we should have most of the nominations by the end of March with time for nominations from the "floor" in April.

Thank you for considering a place on our Board! We'd LOVE to have you join us!

Bette Meuleners

AESC Nominations Chairperson, 2017-2018

1	2	<p>NOTES: Visit https://nationaldaycalendar.com/march/ to learn more about any of these and more observances</p> <p>Some month observances include Irish-American Heritage Month, Craft Month, Nutrition Month, Women's History Month, and Music in Our Schools Month</p>				

Most days have multiple observances but this calendar highlights just one for each day. Some recognize serious concerns or issues, a few are silly and quirky, others are informative, and it seems there is a lot of food recognized within a month.

If you see any of the following AESC members please wish them a Happy Birthday!

- Marilla Cushman 2-Mar
- Marie Rundle 5-Mar
- Katie Anderson 9-Mar
- Ellen Wadsworth 13-Mar
- Roslyn (Roz) Riley 16-Mar
- Tammie Morris 17-Mar
- Vanessa Joly 21-Mar
- Susan Hill 22-Mar

- Blythe Hogeboom 24-Mar
- Corie Madden 26-Mar
- Jytte Hambric 27-Mar
- Stephanie Sattinger 28-Mar
- Rachel Baker 29-Mar
- Jennifer Kolouch 29-Mar
- Candice Dietz 31-Mar

Volunteer Spotlight

AESC presents another great volunteer:

Kimberly Sheaffer - Oborski

We are extremely lucky to have Kimberly as our AESC Treasurer. I was especially thankful for her timely arrival since she took over the duties from me! She recently informed us at an AESC Board Meeting that she will only be with us for one more year, and then it will be time for another move.

Kimberly was born in Dixon, Illinois and has been a Army Engineer spouse since marrying her husband, Carl, in August of 2012. They have a four year-old boy named CJ. She shared that they had a temporary move to Augusta, Georgia in the summer when she was 36 weeks pregnant with CJ. Kimberly was huge and it was humid! The best part of their temporary move...finding a great doctor, delivering her son and the delicious cakes from the Boll Weevil Cafe (which her husband delivered to the recovery room at the hospital).

Like many families, the kids tend to takeover the radio. Currently, Thunder by Imagine Dragons is the repeat winner. A fellow parent at my daughter's school recently mentioned their annoyance with that song and recently began tasking their child with counting the number of times the word 'thunder' is said during the song. She indicated the song is not as popular with their child anymore. Unless CJ is a good counter he may not be able to count that high yet, but you could give it a try.

Unless you were looking close you might have missed Kimberly's national debut as a clown in the Macy's Thanksgiving Day Parade. She indicated it was trying since you have to report at 4am to start getting ready and you can't drink coffee (or anything else) because there are no bathrooms along the parade route. Maybe we can get her to wear her clown costume at one of our next board meetings?

AESC Castle Gram

Kimberly has been working for a media agency in Chicago (remotely of course) for the last 10+ years. It seems her colleagues are a bit mystified due to her regularly reporting in from a different home and state every time she returns from a lengthy vacation which seems to occur around once every 18 months. It looks like she will still be keeping her coworkers guessing since another move is already in their future.

Welfare & Service

OPERATION: *Deploy Your Dress*

The President and Cofounder, Yvonne Coombes, contacted us to share this great opportunity to donate and/or spread the news about the next pop-up distribution event.

The organization was founded in December 2015 and strives to make attending an event as affordable as possible for Soldiers and their family members (especially those of junior rank). Donations of gently used formal gowns, shoes and accessories are given (they use the term 'redeployed') so they can affordably attend their Unit Balls/Galas. If guys are feeling left out don't let the name fool you. They will also take and redeploy suits and tuxes for male Soldiers and spouses.

Message the official Facebook page, <https://www.facebook.com/operationdeployyourdress/>, and they will coordinate with you for getting dresses. Below is a list of current mailing addresses to send your donations if you don't live in the local area, but don't just donate. Spread the word about this event to the spouse of a Soldier that might want to take advantage of this opportunity.

In Partnership with the
Association of the United States Army

OPERATION:
Deploy Your Dress
is coming BACK to the
Washington D.C. area

REDEPLOYED DRESSES

Welfare & Service

Knollwood Military Retirement Community

The Knollwood Bake Sale will be on 4 April. Stay tuned for more information on this great event. All proceeds from the bake sale will be given to the Army Distaff Foundation in support of the Knollwood Military Retirement Community.

AESC Support to Fisher House

AESC continues to provide monthly meals to the families (usually approximately 8-10 guests) staying at the **Fort Belvoir Fisher House**. The following dates are available:

April 3
April 24
May 22

If you are interested in volunteering or learning more about how you can support the Fisher house, please contact our Welfare Services Chair, Vanessa Joly at service@armyengineerspouses.com

Don't forget! When shopping online use Amazon Smile! Go to www.smile.amazon.com and select Army Engineer Memorial Award as your charity. It costs you nothing and a portion of your purchase goes to AEMA.

** Non-military ID/CAC holders, please use our main gate, Hatfield Gate, as your point of entry to gain access to our installation.*
-For questions or event details, please contact (703) 696-3018.

National Cherry Blossom Festival

Besides natural beauty, the buds are an enduring symbol of international friendship. The original trees were a gift of Japan to the United States in 1912.

The National Cherry Blossom Festival, www.nationalcherryblossomfestival.org/category/latest-news, will take place from March 20-April 15, 2018 just across the Potomac River from Arlington in Washington, D.C. This year's festivities include the Blossom Kite Festival on the Washington Monument grounds on March 31, Petalpalooza at The Wharf on April 7, and the National Cherry Blossom Festival Parade on April 14.

Bloom updates are available on the Cherry Blossom Watch Facebook page, www.facebook.com/cherryblossomwatch, and at cherryblossomwatch.com.

Visit Butler's Orchard and don't miss Bunnyland!
 Go to <http://www.butlersorchard.com/bunnyland-fun/> for more information.

A family farm providing good, green fun and local produce for 68 years!
